§ 1.1 Location of Office. The office of the Hearing Board of the Bay Area Air Quality Management District is located at 939 Ellis Street, San Francisco, California 94109.

§ 1.2 Definitions. For the purpose of the rules and regulations contained in these Rules:

1.2.a. “Action” means any proceeding on an application for variance, appeal, or accusation.

1.2.b. “Air Pollution Control Officer” means Air Pollution Control Officer of the Bay Area Air Quality Management District.

1.2.c. “Appeared” means a party has appeared in an action before the Hearing Board when the party has filed an application, appeal, petition of any kind, or notice of defense, or when the party has otherwise responded to an accusation.

1.2.d. “Clerk” means the Clerk of the Hearing Board of the Bay Area Air Quality Management District.

1.2.e. “Consent Calendar” means a procedure for expediting the presentation of evidence at variance hearings where the District and the applicant have stipulated to the facts. Evidence in consent calendar matters is submitted in declarations by the applicant to the District’s legal office and the Hearing Board before the variance hearing. In addition to submitting declarations, the applicant must submit proposed findings of fact and law to the District and the Hearing Board before the hearing. In all other respects, a consent calendar proceeding must comply with all standard requirements and the requirements set forth in these rules for obtaining a variance.

1.2.f. “District” means the Bay Area Air Quality Management District.

1.2.g. “Group Variance” means a proceeding brought by one or more persons, firms, or corporations on behalf of themselves and others, all of whom have an ascertainable common interest in the matter and would be affected similarly by any order of the Hearing Board, and in which there is a question of a common or general interest to such persons and in which the parties are numerous and it is impracticable to bring them all before the Hearing Board.

1.2.h. “Hearing Board” means the Hearing Board of the Bay Area Air Quality Management District.

1.2.i. "Interim Variance" means a temporary variance which may be granted pending the decision of the Hearing Board on the full variance application. An interim variance may be granted by the Hearing Board only upon a showing of good cause under the California Health & Safety Code Section 42351 and may not extend beyond the date of the decision of the Hearing Board on the full variance application or 90 days from the date of issuance of the interim variance, whichever occurs first.

1.2.j. "Language Assistance" means oral interpretation or written translation into English of a language other than English or of English into another language for a party or witness who cannot speak or understand English or who can do so only with difficulty.

1.2.k. "Party" means the District, the applicant, the respondent, the appellant, and any person, other than an officer or an employee of the District in his or her official capacity, who has been allowed to appear in the proceeding, except that a member of the public appearing under § 5.6.f. shall not be deemed a "party."

1.2.l. Unless the context otherwise requires, the words "applicant," "respondent," "appellant," or "party" include an authorized agent of such person.

1.2.m. "Product Variance" means a variance that specifically states it is a product variance and is submitted by an Applicant who manufactures a particular product or products.

1.2.n. "Short Term Variance" means a variance or series of variances totaling not more than 90 days.

1.2.o. "Summary Disposition" means the disposition of a matter without requiring the attendance of the Applicant at any hearing thereon.

§ 1.3 Conformance with State Law. In accordance with Health & Safety Code Section 40807, these Rules shall be deemed to incorporate provisions of the rules of administrative adjudication by state agencies in Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2, of the Government Code of the State of California, as written, or as amended, after the effective date of these Rules, as necessary to conform, insofar as practicable, to said provision of the Government Code.

§ 1.4 Conformance with Federal Law. Proceedings conducted by the Hearing Board in order to implement the Clean Air Act, Title 42 (commencing with Section 7401), United States Code, shall be governed by these Rules and by pertinent procedural requirements established by the California Air Resources Board or the United States Environmental Protection Agency.

ARTICLE 2. Variances

§ 2.1 Form of Papers. All variance applications shall be filed using the Hearing Board format (see attachment 1). Any application not submitted in this format will be considered incomplete.

2.1.a. All documents filed with or submitted to the Hearing Board shall be submitted to the Hearing Board Clerk. Submissions shall include the original and eight copies.

2.1.b. Documents filed with or submitted to the Hearing Board shall be provided in typewritten format on 8½11 inch paper, one -sided, and double-spaced.

2.1.c. Document submissions in paper format in compliance with all applicable rules of service will be deemed “filed” at the time date stamped by the Hearing Board Clerk. Document submissions in electronic or facsimile format in compliance with all applicable rules of service will be deemed “filed” at the time date stamped by the Hearing Board Clerk, provided that the original documents, the proper filing fee, and required copies are filed by close of business on the next working day.

2.1.d. The Hearing Board Clerk shall not accept any filing that does not comply with this rule.

§ 2.2 Application for Variance.

2.2.a. An application for variance shall be signed by the applicant or its authorized agent, or by the representative of a group who has submitted an application for a group variance, and shall state the grounds for the application and the specific section(s) of the regulations of the District, as well as the specific dates, for which a variance is requested.

2.2.b. An application for variance shall contain a concise statement of the facts constituting the reasons for the application. If a group variance is asserted, facts supporting the need for group relief shall be stated. The application shall also identify briefly the basis for each of the findings under Health & Safety Code Section 42352.

2.2.c. An application shall contain a description of the property sufficient for its identification, the name of the owner thereof and the nature of the title or interest of the applicant. A map showing the location of the property and a line diagram of the process, where applicable, shall be included with the application.

2.2.d. An application should state, to the extent possible, the number and types of emissions points and measured values or estimates of the quantity and nature of emissions. The application should also state the estimated quantity of

emissions in excess of the maximum allowed during the period of the requested variance.

2.2.e. An application for variance shall contain a statement of the “increments of progress” towards compliance proposed by applicant and shall include the following, as applicable:

2.2.e.1. The dates by which contracts for emission control systems or process modifications will be awarded or orders will be issued for the purchase of component parts to accomplish emissions control or process modification;

2.2.e.2. The date of initiation of onsite construction or installation of emission control equipment or process change;

2.2.e.3. The date by which onsite construction or installation of emission control equipment or process modification is to be completed;

2.2.e.4. Such additional increments of progress as may be necessary or appropriate to permit close and effective supervision of progress toward timely compliance; and

2.2.e.5. The date by which final compliance is to be achieved.

2.2.f. An application for variance shall include a statement of the applicant’s evaluation as to whether the granting of the requested variance will adversely affect the attainment and maintenance of pertinent national ambient air quality standards.

2.2.g. An application shall include a statement of whether or not the applicant intends to file additional written material.

2.2.h. An application shall close with a request for a variance which shall set forth the starting and ending dates and any condition of the desired variance. No variance relief will be granted for a period preceding the date of filing of an application for variance.

2.2.i. The Hearing Board may adopt a suggested form of Application for Variance and/or Interim Variance.

§ 2.3 Application for Intervention. Any person who claims that he or she has an interest relating to the subject of a proceeding, and that the disposition of the proceeding may impair or impede his or her ability to protect that interest, may file a written application for intervention in that proceeding. The application shall be timely, shall set forth the grounds and purpose of such intervention, and shall be served by mail or in person upon the parties to the proceeding. In exercising its discretion as to whether to grant or deny such an application, the Hearing Board shall consider whether intervention would unduly delay or prejudice the adjudication of the rights of the parties. In all cases involving permit regulations, an Application

for Intervention filed by the permit applicant or permit holder shall be granted as a matter of right.

§ 2.4 Response to Applications. The Hearing Board may require the Air Pollution Control Officer to file a response to any or all applications in such a manner as the Hearing Board may from time to time direct. Any such response shall be served on the applicant and any other parties who have appeared in the case.

§ 2.5 Emergency Variance.

2.5.a. The procedures set forth in this Section are to be used in applying for an emergency variance when a breakdown condition as defined in Regulation 1-208 exceeds the end of the production run or 24 hours, whichever is sooner; when vapor recovery system components are marked "Out of Order" pursuant to Health & Safety Code Section 41960.2; or when any other emergency, as determined by the Hearing Board, occurs under Health & Safety Code Sections 42359 and 42359.5.

2.5.b. An applicant for an emergency variance is required to pay the appropriate filing fee, whether or not the requested variance relief is granted.

2.5.c. An emergency variance may be granted without notice and hearing or, at the discretion of the Hearing Board, a hearing may be held. An emergency variance shall not remain in effect longer than 30 days.

2.5.d. An applicant may convey a request for an emergency variance to the Clerk by telephone or in person. This initial request does not in itself constitute a variance and provides no assurance of protection from penalty action. However, if a variance is subsequently granted, it may become effective as early as the date and time of the initial request.

2.5.d.1. At the time of making the request for an emergency variance, the applicant shall explain in detail the grounds for the request, including such information as the foreseeability of the cause of the emergency and whether the applicant has used good maintenance practices.

2.5.d.2. Upon receiving the request, the Clerk shall promptly notify the Air Pollution Control Officer of the request. The Air Pollution Control Officer shall promptly respond to the Clerk, stating his or her recommendation on the request, and specifically including his or her opinion as to whether the applicant's violations are due to conditions beyond its reasonable control.

2.5.d.3. Upon receiving the Air Pollution Control Officer's response, the Clerk shall convey the request and the Air Pollution Control Officer's recommendation to an individual member of the Hearing Board.

2.5.d.4. The Hearing Board member who receives the request and recommendation shall grant or deny the request at that time, shall obtain further information orally or in writing from the applicant or the Air Pollution Control Officer before acting on the request, or shall defer the matter for later consideration by the Hearing Board.

2.5.d.5. If the request for an emergency variance is granted by the individual member, the applicant shall be advised of this by telephone or in person. After an emergency variance has been granted, a written order granting the emergency variance shall be issued under such terms and conditions as the Hearing Board member deems warranted; however, no such order will be entered unless the applicant has submitted the appropriate filing fee to the Clerk. Failure to submit the filing fee by the end of the fourth full working day following the initial request will prevent the emergency variance protection orally granted from having any legal effect whatsoever and may constitute a violation of Regulation 3.

2.5.e. If an application for emergency variance is denied, an applicant may submit an application for variance. The Hearing Board member may deem the application for variance filed as of the date the request for emergency variance was initially conveyed to the Clerk. In this case, the application for variance must be delivered to the Clerk by the end of the fourth working day following notification of the denial of the emergency variance.

2.5.e.1. The application for variance should include the material normally contained in a variance application, as specified in § 2.2 of the Hearing Board Rules, and in particular should describe in detail the unforeseeable circumstances leading to the emissions, indicate the expected time within which to reach compliance, and give an estimate of the quantity of emissions during these circumstances.

2.5.e.2. An application must state whether or not the additional emissions during this time contain any hazardous or odorous substances.

§ 2.6 Verification. Unless the state, or a county, city or district thereof, or an officer of such in his or her official capacity is an applicant or complainant or a party, the application, complaint or paper shall be verified. The form of verification, executed within this State, may be in substantially the following form.

I, the undersigned, do hereby declare under penalty of perjury, under the laws of the State of California, that I have read the foregoing document, that I know its contents, and that it is true.

§ 2.7 Group Variance.

2.7.a. The Hearing Board shall accept for consideration an application for a group variance when the variance relief sought by each individual applicant comprising the group is based on issues of law and fact common to each applicant.

2.7.b. The application for a group variance shall include individual applications or written declarations by each applicant, setting forth sufficient evidence to support the findings that the Hearing Board is required to make pursuant to Health & Safety Code Section 42352. Each declaration must be stipulated to by the District's legal office to be admissible. The declaration must be signed under penalty of perjury and include consent to be represented by the named, authorized group representative and an agreement that each applicant will be bound by the Hearing Board order. No person may be included in the group variance unless he or she has submitted an admissible declaration.

2.7.c. The Hearing Board shall schedule a pre-hearing conference at least seven days before the scheduled hearing for a group variance in conformance with Article 5 of these Rules.

2.7.d. Applicant(s) shall file a final copy of the declarations, proposed conditions, and proposed findings of fact and law with the Hearing Board at least five (5) working days before the scheduled full hearing.

2.7.e. Witnesses may present testimony on behalf of the groups at the hearing; it shall not be necessary for each individual applicant to present testimony.

2.7.f. The Hearing Board shall immediately remove an application from the group variance upon the objection of the District or of any Hearing Board member and continue the removed application to the next available date for an individual hearing. The District, any applicant, or any Hearing Board member may make a motion to disallow use of the group variance procedure in a particular case or to remove an application from the group variance and consider it individually.

§ 2.8 Interim Variance.

2.8.a. The Hearing Board shall accept for consideration an application for an interim variance when the variance relief sought is temporary to extend for a period pending the decision of the Hearing Board on the full variance application.

2.8.b. The period of relief sought for an interim variance may not exceed 90 days prior to the full variance hearing and may not extend beyond the date of the decision of the Hearing Board on the full variance application.

2.8.c. The Hearing Board may grant an interim variance upon a showing of good cause as authorized by the California Health & Safety Code Section 42351.

§ 2.9 Consent Calendar Requirements.

2.9.a. Applicant shall obtain the concurrence of the attorney in the District's legal offices assigned to handle the variance proceeding that such matter should be placed on the consent calendar.

2.9.b. Applicant shall submit copies of witness declarations signed under penalty of perjury, proposed conditions, and proposed findings of fact and law to the responsible attorney in the District's legal offices five (5) working days before the hearing date for the variance. The District's attorney may waive the requirements of this paragraph.

2.9.c. After concurrence and signature by the responsible attorney in the District's legal office, applicant shall file a final copy of declarations, proposed conditions, and proposed findings of fact and law with the Hearing Board at least two (2) working days before the scheduled hearing date.

2.9.d. The Hearing Board shall call and hear consent calendar matters first on its calendar.

2.9.e. The Hearing Board shall receive any public testimony on a consent calendar matter before proceeding with the case.

2.9.f. The Hearing Board's proceedings on a consent calendar matter shall in all respects conform in all respects to the Hearing Board Rules, except that the Board shall base its ruling on the declarations submitted.

2.9.g. At any time prior to the submission of the case, the Hearing Board shall immediately remove a matter from the consent calendar upon the written or oral motion of the District or the applicant, or any Board member, and assign the matter to the next available hearing date while fully complying with notice requirements for the type of variance at issue. If, prior to the submission of the case, a member of the public requests the removal of a matter from the consent calendar, the Board shall consider the reasons for the request.

2.9.h. The Hearing Board shall not include any matter on the consent calendar that involves emissions of toxics, harm to public health or any other potential nuisance.

2.9.i. The Hearing Board shall have copies of the stipulated variance available for public review.

§ 2.10 Filing Fees. The application shall be accompanied by the filing fee as fixed by the District's Board of Directors as set forth in Regulation 3, Schedule A.

ARTICLE 3. Appeals

§ **3.1 Who May Bring an Appeal.** An applicant for a permit or any other person dissatisfied with the decision of the Air Pollution Control Officer regarding a permit, or any other person authorized by law, may appeal to the Hearing Board for an order modifying or reversing a decision of the Air Pollution Control Officer.

§ **3.2 Form of Papers.** The heading for appeals shall be as follows:

The application shall be timely, shall set forth the grounds and purpose of such intervention, and shall be served by mail or in person upon the parties to the proceeding. In exercising its discretion as to whether to grant or deny such an application, the Hearing Board shall consider whether intervention would unduly delay or prejudice the adjudication of the rights of the parties. In all cases involving permit regulations, an Application for Intervention filed by the permit applicant or permit holder shall be granted as a matter of right.

§ 3.5 Response to Applications. The Hearing Board may require the Air Pollution Control Officer to file a response to any or all applications in such a manner as the Hearing Board may from time to time direct. § **4.2 Form of Papers.** The heading for accusations shall be as follows:

4.2.a. All documents filed with or submitted to the Hearing Board shall be submitted to the Hearing Board Clerk. Submissions shall include the original and ten copies.

4.2.b. Documents filed with or submitted to the Hearing Board shall be provided in typewritten format on 8½x11 inch paper, one -sided, and double-spaced.

4.2.c. Document submissions in paper format in compliance with all applicable rules of service will be deemed “filed” at the time date stamped by the Hearing Board Clerk. Document submissions in electronic or facsimile format in compliance with all applicable rules of service will be deemed “filed” at the time date stamped by the Hearing Board Clerk, provided that the original documents and required copies are filed by close of business on the next working day.

4.2.d. The Hearing Board Clerk shall not accept any filing that does not comply with this rule.

§ **4.3 Accusation.** An accusation shall be a written statement of charges which shall set forth in ordinary and concise language the acts or omissions with which the respondent is charged to the end that the respondent will be able to prepare its defense. It shall specify the statutes and rules which the respondent is alleged to have violated, but shall not consist merely of charges phrased in the language of such statutes and rules. The allegations of the accusation may be on

information and belief. The accusation shall be verified unless made by a public officer acting in his or her official capacity or by an employee of the District acting as an employee. The accusation shall close with a request for an order for abatement.

§ 4.4 Service of Accusation: Form, Manner and Proof.

4.4.a. Upon the filing of the accusation the District Counsel shall serve a copy thereof on the respondent as provided in § 4.4c. The District Counsel may include with the accusation any information which he or she deems appropriate, but he or she shall include a post card or other form entitled Notice of Defense which, when signed by or on behalf of the respondent and returned to the Hearing Board, will acknowledge service of the accusation and constitute a notice of defense. The copy of the accusation shall include or be accompanied by (1) a statement that respondent may request a hearing by filing a notice of defense within 15 days after service upon him of the accusation, and that failure to do so will constitute a waiver of his right to a hearing, and (2) copies of Sections 11507.5, 11507.6, and 11507.7 of the Government Code.

§ 4.4.b. The statement to respondent shall be substantially in the following form:

Unless a written request for a hearing signed by or on behalf of the person named as respondent in the accompanying accusation is delivered or mailed to the Hearing Board within 15 days after the accusation was personally served on you or mailed to you, the Bay Area Air Quality Management District may proceed upon the accusation. The request for a hearing may be made by delivering or mailing the enclosed form entitled Notice of Defense, or by delivering or mailing a notice of defense as provided by Section 11506 of the Government Code to the Hearing Board, Bay Area Air Quality Management District, 939 Ellis Street, San Francisco, California 94109. You may, but need not, be represented by counsel at any or all stages of these proceedings. Hearing Board Rule § 5.8.b. states: If the respondent to an accusation fails to file a notice of defense, affidavits and respondent's express admissions may be used as evidence without any notice thereof to respondent, and the Hearing Board may at a public hearing decide the matter or dismiss the action.

If you desire the names and addresses of witnesses or an opportunity to inspect and copy the items mentioned in Section 11507.6 of the Government Code in the possession, custody or control of the agency, you may contact the District Counsel at the above address.

4.4.c. The accusation and all accompanying information may be sent to respondent by any means selected by the District Counsel. But no order adversely affecting the rights of the respondent shall be made by the Hearing Board in any case unless the respondent shall have been served personally or by registered mail as provided herein, or shall have filed a notice of defense or otherwise appeared. Service may be provided in the manner authorized in civil actions. Service by registered mail shall be effective if a statute or rule or regulation requires respondent to file his address with the District and to notify the District of any change, and if a registered letter containing the accusation and accompanying material is mailed, addressed to respondent at the latest address on file with the District as required thereby.

§ 4.5 Notice of Defense.

4.5.a. Within 15 days after service of the accusation, the respondent may file with the Hearing Board a notice of defense in which respondent may:

4.5.a.1. Request a hearing;

4.5.a.2. Object to the accusation upon the ground that it does not state acts or omissions upon which the Hearing Board may proceed;

4.5.a.3. Object to the form of the accusation on the ground that it is so indefinite or uncertain that the respondent cannot identify the transaction or prepare its defense;

4.5.a.4. Admit the accusation in whole or in part;

4.5.a.5. Present new matter by way of defense.

Within the time specified, the respondent may file one or more notices of defense upon any or all of these grounds, but all such notices shall be filed within that period unless the Hearing Board in its discretion authorizes the filing of a later notice.

4.5.b. Any such notice shall be deemed a specific denial of all parts of the accusation not expressly admitted. Unless objection is made as provided in § 4.5.a.3, all objections to the form of the accusation shall be deemed waived.

4.5.c. The notice of defense shall be in writing signed by or on behalf of the respondent and shall state its mailing address. The notice of defense need not be verified or follow any particular form.

4.5.d. Even if the respondent does not file a notice of defense, the respondent may:

4.5.d.1. File a statement of mitigation, or

4.5.d.2. File a request for a variance which includes the matters required by § 2.2.

§ 4.6 Application for Intervention. Any person who claims that he or she has an interest relating to the subject of a proceeding, and that the disposition of the proceeding may impair or impede his or her ability to protect that interest, may file a written application for intervention in that proceeding. The application shall be timely, shall set forth the grounds and purpose of such intervention, and shall be served by mail or in person upon the parties to the proceeding. In exercising its discretion as to whether to grant or deny such an application, the Hearing Board shall consider whether intervention would unduly delay or prejudice the adjudication of the rights of the parties. In all cases involving permit regulations, an Application for Intervention filed by the permit applicant or permit holder shall be granted as a matter of right.

§ 4.7 Response to Applications. The Hearing Board may require the Air Pollution Control Officer to file a response to any or all applications in such a manner as the Hearing Board may from time to time direct. Any such response shall be served on the respondent and any other parties who have appeared in the case.

ARTICLE 5. Hearing Procedure

§ **5.1 Time and Place of Hearing.** The Hearing Board shall determine the time and place of hearing. The hearing on an accusation shall not be prior to the expiration of the time within which the respondent is entitled to file a notice of defense. The hearing shall be held at the offices of the Bay Area Air Quality Management District, 939 Ellis Street, San Francisco, California, unless otherwise determined. All hearings shall be held in a location readily accessible to the public.

5.7.c. Nothing herein shall be construed to deprive the party of the right to make a showing by way of mitigation.

§ 5.8 Amendment of Accusation before Submission. At any time before the matter is submitted for decision, the Hearing Board may file or permit the filing of an amended accusation. All parties shall be notified thereof. If the amended accusation presents new charges, the Hearing Board shall afford the respondent the reasonable opportunity to prepare its defense thereto, but it shall not be entitled to file further pleadings unless the Hearing Board so orders. Any such new charges shall be deemed controverted, and any objections to the amended accusation may be made orally and shall be noted in the record.

§ 5.9 Amendment of Accusation after Submission. The Hearing Board may order amendment of the accusation after submission of the case for decision. If such prejudice is shown, the Hearing Board shall reopen the case to permit the introduction of additional evidence.

§ **5.10 Amendment of Application for Variance or Appeal.** The Hearing Board may in its discretion, upon stipulation or ten days notice, permit the amendment of an application for variance or appeal either before or after submission on such terms and conditions as it may determine to be proper. When the continuance is not approved, the Clerk shall notify the party making the request.

In that case, the party shall submit the order in the format required by the Hearing Board in hard copy and electronically approved by the Clerk (see attachment 2). The failure of any party to provide a draft written order shall be grounds for consideration of sanctions as described in Article 11. Written orders may be issued upon one signature of the Hearing Board.

7.2.b. If the respondent asserts that time is needed to respond to the amendment, the Chairperson of the Hearing Board, or designated member, may continue and/or reopen the matter if determined to be necessary.

§ 7.3 Cross-Applications. If an application for a short or regular variance and request for an order for abatement are both filed on the same subject matter, hearings on such applications shall be set for the same date unless the District or

9.1.b. Any party seeking a subpoena shall give the opposing party at least 24 hours telephone or written notice prior to requesting the subpoena.

9.1.c. If a party objects to the issuance of a subpoena or subpoena duces tecum, the opposing party shall notify the Clerk of its opposition and may request that a hearing be scheduled on the matter. The Clerk shall notify both parties by telephone of the date, time, and location of the hearing.

9.1.d. In order for a subpoena to be issued from the Hearing Board, a party must submit a proposed form of subpoena and a declaration under penalty of perjury that establishes the following: the information sought is relevant to the subject matter involved; the information is not privileged; and complying with the subpoena will not impose an undue burden.

9.1.e. Subpoenas shall be served in accordance with the provisions of Section 1987 and 1988 of the Code of Civil Procedure. Service of the subpoena shall be made at least 10 days before the time required for attendance, unless the Chairperson of the Hearing Board, or designated member, specifies a shorter time in the subpoena. Any person receiving a subpoena signed by the Chairperson of the Hearing Board, or designated member, pursuant to Health & Safety Code Section 40840 shall appear before the Hearing Board at a time and place specified in the subpoena to be examined as a witness and/or to produce all books, papers, and documents in his or her possession, or under his or her control, which are specified in the subpoena. 9.1.f. All witnesses appearing pursuant to subpoena, other than the parties or officers or employees of the state or any political subdivision thereof, shall receive fees, and all witnesses appearing pursuant to subpoena, except the parties, shall receive mileage in the same amount and under the same circumstances as prescribed for witnesses in civil actions in a superior court, as provided in Government Code Sections 11510 and 868093.

9.1.g. Witness fees shall be paid by the party requesting the subpoena.

§ 9.2 Affidavits.

9.2.a. At least 10 days prior to a hearing, or a continued hearing, any parties that propose to introduce an affidavit into evidence shall mail or deliver a copy of such affidavit to all other parties together with a notice as provided in § 9.2.b, except as provided in § 5.7.b. Unless another party, within seven days after such mailing or delivery, mails or delivers to the proponent a request to cross-examine an affiant, the right to cross-examine such affiant is waived and the affidavit, if introduced in evidence, shall be given the same effect as if the affiant had testified in person. If an opportunity to cross-examine an affiant is not afforded after request therefor is made as herein provided, the affidavit may be introduced in evidence, but shall be given only the same effect as other hearsay evidence.

If respondent does not testify in his own behalf, he may be called and examined as if under cross-examination.

9.3.c. The hearing shall not be conducted according to technical rules relating to evidence and witnesses except for rules relating to privilege as set forth in California Evidence Code Section 930, et seq. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely on in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of such evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil action, or unless the District's legal office and the applicant or respondent so stipulate.

9.3.d. Irrelevant and unduly repetitious evidence shall be excluded. The Hearing Board, in its discretion, may exclude evidence if its probative value is substantially outweighed by the probability that its admission will necessitate undue consumption of time or create substantial danger of undue prejudice, or confuse the issues or where matters sought to be proved are otherwise established.

9.3.e. Public Testimony. Pursuant to Health & Safety Code Section 40828(a), the Hearing Board shall allow interested members of the public a reasonable opportunity to testify with regard to the matter under consideration, and the Hearing Board shall consider such testimony in making its determination, provided, however, that such testimony and evidence shall be relevant and material to the matter being heard by the Hearing Board. The Request for Official Notice must include the materials which will be presented to the Board and a brief statement of the finding or opinion which it is proposed that the Board will develop from the materials. Any party opposing the request shall be given a reasonable opportunity to refute the officially noticed matters by evidence or by written or oral presentation of authority.

9.3.f.3. Parties present at the hearing shall be informed of the matters to be noticed, and those matters shall be noted in the record, referred to therein, or appended thereto.

§ 9.4 Protective Orders.
